

Fresh Haystack Capabilities

We help to protect national security by keeping the bad guys out.

*We provide integrated risk management solutions that empower program leaders to go beyond compliance and become force multipliers to the national security organizations they serve. Our fresh thinking helps them solve governance (or compliance) requirements with peak operating efficiency, accelerating their ability to stay ahead by delivering the right capability at the right time. Our unique modular approach breeds recognizable impact and demonstrative value. **We get it done.***

Designed for modularity, so you can get what you need when you need it, Fresh Haystack modernizes national security. Capability is preconfigured and packaged for accelerated delivery – a fraction of the time in most cases. Reliable and trustworthy automation frees our customers from time-consuming 'build, deploy and manage' tasks so they can focus on the next.
